New Business: Mark told us that he sold his house and he is moving, we will need to have a fine a new Blight Officer and a new member for Board of Review. We need two more members for Board of Review. We asked Mark how many hours does he have in a month and if someone who has a full-time job be able to do it. He told us that he has around ten hours a month and it is best to do it during business hours, and someone could do it on the weekends. But he doesn't recommend doing it after dark. Mark also told us about the pigs, the guy's tractor isn't working right now so Mark isn't sure how he is able to move the manure. Republic will not be getting their trash cans. Gary said that they are the landowner's property so they can do what they want with them. But if you put your trash into the republic bins American will not take it. We had to get American to get the trash sense Republic did not pick up for a few weeks. American will take over in January. As a board we all voted yes to amend the PTA penalty waiver resolution and the Real Property Exemption written procedures. Sandy B. told us about how they were doing their swearing in with zoom, also she told us how the airport was doing, they need to fix the trees, lights and the runway. Clerk, Cooper is going to send a letter to the Faber's to ask them to just turn their light on their sign a little so its not facing the road.
